COMPILERS' NOTES

STATUTE PROVIDING FOR THESE STATEMENTS:

The Legislative Appropriation Act approved, June 7, 1924, provided: "In lieu of the data relating to offices created and omitted and salaries increased and reduced, the statement shall hereafter contain such additional information concerning estimates and appropriations, as the committees may deem necessary."

Such data had been tabulated in previous volumes of this work for each session of Congress from the Fiftieth to the Sixty-seventh, inclusive, covering the fiscal years 1889 to 1924, inclusive.

OVERVIEW FOR THIS VOLUME:

This compilation contains laws making, rescinding, or affecting appropriations which were enacted during the second session of the 106th Congress.

Included are the text for the following enacted laws:

—Fiscal year 2000: emergency supplemental appropriations act.

—Fiscal year 2001: thirteen regular annual acts, one miscellaneous act, and twenty-one continuing appropriations acts.

This volume also contains various comparative tables for the session. These tables have been revised in format and content from those of previous editions. A description of these tables is provided (p. 989), as well as a cross reference of tables to previous editions (p. 990).

FISCAL YEAR DEFINITION:

The Congressional Budget and Impoundment Control Act of 1974, Public Law 93–344, changed the fiscal year from the July 1—June 30 fiscal year to an October 1—September 30 fiscal year. Volumes beginning with fiscal year 1977, are based upon the October 1—September 30 fiscal year.

Title X (the "Impoundment Control Act of 1974") of the Congressional Budget and Impoundment Control Act of 1974 established new procedures for the reporting and control of impoundment actions of the President. Included in this volume are reports showing the status of rescissions and deferrals for fiscal year 1993 and the first 3 months of fiscal year 1995.

TERMS AND DEFINITIONS:

While required by the constitution as a necessary prerequisite to the withdrawal of any money from the Treasury, through long usage the term "appropriation" acquired a definite, technical word-of-art meaning in relating to many details and summaries in the annual budget of the President, in the making available of obligational and spending authority, and in tabulations and summarizations of congressional fiscal actions. If the language did not "appropriate" within the concept thus imparted to the term, then it was not added in the "appropriation" totals. If it did so "appropriate", it was added in the total.

Thus in congressional tabulations generally, a "reappropriation" (extension) of a balance of a previous appropriation was not added to the "appropriation" totals even though it provided obligational and spending authority beyond what would in its absence have been the case. However, when a bill that provided for a "reappropriation" became law after the fiscal year in which the amount originally was provided, the reappropriation was added to the "appropriation" total.

Previous to the 90th Cong., 2d sess., an “authorization to expend from debt receipts” (sometimes called “public debt borrowing authority”) was not counted as an “appropriation” even though it conveyed both authority to obligate and authority to expend. An authorization to enter into contracts in advance of an appropriation (“contract authorization”), being authority to obligate the Government but not to expend money, was not added in the general “appropriation” totals. But a subsequent “appropriation to liquidate” that contract authorization an authority to expend money but not to create additional obligations was counted as an “appropriation”.

Furthermore, historically, prior to the fiscal year 1969, the general budgetary and congressional appropriation totals were arranged and presented so as to give greater emphasis and prominence to those dealing with Federal or Federally owned funds, as distinct from trust funds which the Government theoretically holds in a fiduciary capacity. Although prior to fiscal year 1938 (75th Cong., 1st sess.) such trust funds were relatively insignificant in the total appropriations picture they subsequently came to loom large, and while separately tabulated and noted in volumes of this work previous to the 90th Cong., 2d sess., they were not included in the aggregate totals of “appropriations” generally. (See note, table X, in volumes prior to the 90th Cong., 2d sess.). But in subsequent volumes, they are incorporated in general appropriation totals.

Title 31 U.S.C., section 2, dealing with the national budget system, provides that the term “appropriations” includes, in appropriate context “. . . funds and authorizations to create obligations by contract in advance of appropriations, or any other authority making funds available for obligation or expenditure”.

Special Note.—A further significant departure in what is now included in several general summary tabulations, which was not so included in these volumes prior to the 90th congress., 2d sess., has to do with obligational or spending authority (including rescissions) conveyed in acts other than the regular annual and supplemental “appropriation” acts. Copies of such acts, and certain specific tabulations related to them, usually appear in one way or another in such prior volumes, but the amounts were not added directly into a number of the overall summary tabulations as had been done in volumes beginning with the 90th Cong., 2d sess.

A new, unified budget concept recommended by the President’s Commission on Budget Concepts in its report of October 10, 1967, was embraced by the President, and the Budget for 1969 incorporated most of its basic features. The object was to secure usage, as nearly as may be practicable, of a single concept of appropriations, receipts, expenditures, lending, and debt in order to promote public and congressional understanding of Federal fiscal and budget actions and matters. The various comparative tabulations and summaries in this volume conform generally to the new concept in respect to “appropriations”. The major single difference between aggregate general totals in this volume in contrast to those in volumes previous to the 90th Cong., 2d sess., is the inclusion, in this volume, of trust funds (virtually all of which, incidentally, in any session or year, flow automatically from permanent-type enactment of previous sessions that thus do not require action in bills of the current session).

(For a more detailed exposition of the new concept, see the Report of the Commission, especially in relation to “appropriation”, pp. 6, 12, 16, 76, 95, and 100; Special Analysis A, the Budget for 1969; and hearings of February 8, 1968, before the Committee on Appropriations, House of Representatives, on the Budget for 1969, p. 40 and following.)

ENACTMENT OF BILLS BY REFERENCE

CLERK’S NOTE.—Several FY 2001 appropriations conference reports included language to enact by reference separate bills as introduced in the House on specified dates. For example, the conference report for the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2001, (H.R. 4635; Public Law 106–377) included the following:

Section 1. (a) The provisions of the following bills of the 106th Congress are hereby enacted into law:

- (1) H.R. 5482, as introduced on October 18, 2000.
- (2) H.R. 5483, as introduced on October 18, 2000.

(b) In publishing this Act in slip form and in the United States Statutes at Large pursuant to section 112 of title 1, United States Code, the Archivist of the United States shall include after the date of approval at the end appendixes setting forth the texts of the bills referred to in subsection (a) of this section.

H.R. 5482 contained the text of the conference agreement on the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, and H.R. 5483 contained the text of the conference agreement on the Energy and Water Development Appropriations Act.

In the Senate, unanimous consent was required to dispense with the reading of any conference reports. This resulted in a situation where any Senator could require the reading of conference reports by objecting to the unanimous consent request. The enactment of bills by reference was done to reduce the length of the conference reports so that the time of the Senate would not be used with the reading of lengthy conference reports.

Section 903 of Division A of H.R. 5666 (as enacted by reference in section 1(a)(4) of Public Law 106–554) included the following language:

“ . . . there is now in effect a Standing order of the Senate that the reading of conference reports is no longer required, if the said conference report is available in the Senate.”

This language eliminates the requirement for unanimous consent to dispense with the reading of conference reports in the Senate and, therefore, reduces the likelihood of enacting bills by reference in the future.

In this compilation, various “**CLERK’S NOTES**” go into more detail regarding individual bills that were enacted by reference.

(2) on May 5, 2000, the prescribed burn, which became known as the “Cerro Grande Prescribed Fire”, exceeded the containment capabilities of the National Park Service, was reclassified as a wildland burn, and spread to other Federal and non-Federal land, quickly becoming characterized as a wildfire;

(3) by May 7, 2000, the fire had grown in size and caused evacuations in and around Los Alamos, New Mexico, including the Los Alamos National Laboratory, one of the leading national research laboratories in the United States and the birthplace of the atomic bomb;

(4) on May 13, 2000, the President issued a major disaster declaration for the counties of Bernalillo, Cibola, Los Alamos, McKinley, Mora, Rio Arriba, Sandoval, San Juan, San Miguel, Santa Fe, Taos, and Tarrant, New Mexico;

(5) the fire resulted in the loss of Federal, State, local, tribal, and private property;

(7) the United States should compensate the victims of the Cerro Grande fire.

TITLE X—CONTINUED DUMPING AND SUBSIDY OFFSET

SEC. 1001. SHORT TITLE.

This title may be cited as the “Continued Dumping and Subsidy Offset Act of 2000”.

SEC. 1002. FINDINGS OF CONGRESS.

Congress makes the following findings:

(1) Consistent with the rights of the United States under the World Trade Organization, injurious dumping is to be condemned and actionable subsidies which cause injury to domestic industries must be effectively neutralized.

(2) United States unfair trade laws have as their purpose the restoration of conditions of fair trade so that jobs and investment that should be in the United States are not lost through the false market signals.

(3) The continued dumping or subsidization of imported products after the issuance of antidumping orders or findings or countervailing duty orders can frustrate the remedial purpose of the laws by preventing market prices from returning to fair levels.

(4) Where dumping or subsidization continues, domestic producers will be reluctant to reinvest or rehire and may be unable to maintain pension and health care benefits that conditions of fair trade would permit. Similarly, small businesses and American farmers and ranchers may be unable to pay

114 STAT.

down accumulated debt, to obtain working capital, or to otherwise remain viable.

(5) United States trade laws should be strengthened to see that the remedial purpose of those laws is achieved.

(A) prescribe minimum distance separations for third-adjacent channels (as well as for co-channels and first- and second-adjacent channels); and

(B) prohibit any applicant from obtaining a low-power FM license if the applicant has engaged in any manner in the unlicensed operation of any station in violation of section 301 of the Communications Act of 1934 (47 U.S.C. 301).

(A) eliminate or reduce the minimum distance separations for third-adjacent channels required by paragraph (1)(A); or

(B) extend the eligibility for application for low-power FM stations beyond the organizations and entities as proposed in MM Docket No. 99-25 (47 CFR 73.853),

except as expressly authorized by an Act of Congress enacted after the date of the enactment of this Act.

(3) Any license that was issued by the Commission to a low-power FM station prior to the date on which the Commission modifies its rules as required by paragraph (1) and that does not comply with such modifications shall be invalid.

(b)(1) The Federal Communications Commission shall conduct an experimental program to test whether low-power FM radio stations will result in harmful interference to existing FM radio stations if such stations are not subject to the minimum distance separations for third-adjacent channels required by subsection (a). The Commission shall conduct such test in no more than nine FM radio markets, including urban, suburban, and rural markets, by waiving the minimum distance separations for third-adjacent channels for the stations that are the subject of the experimental program. At least one of the stations shall be selected for the purpose of evaluating whether minimum distance separations for third-adjacent channels are needed for FM translator stations. The Commission may, consistent with the public interest, continue after the conclusion of the experimental program to waive the minimum

distance separations for third-adjacent channels for the stations that are the subject of the experimental program.

(2) The Commission shall select an independent testing entity to conduct field tests in the markets of the stations in the experimental program under paragraph (1). Such field tests shall include—

(1) SEC. 635. (a) This section may be cited as “Amy Boyer’s Law”.
(b) Congress makes the following findings:

(1) The inappropriate display, sale, or use of social security numbers is a significant factor in a growing range of illegal activities, including fraud, identity theft, and, in some cases, stalking and other violent crimes.

(2) Because social security numbers are used to track financial, health care, and other sensitive information about individuals, the inappropriate sale or display of those numbers to the general public can result in serious invasions of individual privacy and facilitate the commission of criminal activity.

(3) The Federal Government requires virtually every individual in the United States to obtain and maintain a social security number in order to pay taxes, to qualify for social security benefits, or to seek employment. An unintended consequence of these requirements is that social security numbers have become tools that can be used to facilitate crime, fraud, and invasions of the privacy of the individuals to whom the numbers are assigned. Because the Federal Government created and maintains the social security number system, and because the Federal Government does not permit persons to exempt themselves from the requirements of that system, it is appropriate for the Federal Government to take steps to stem abuse of the system.

(4) A social security number is simply a sequence of numbers. In no meaningful sense can the number itself impart knowledge or ideas. Persons do not sell or transfer such numbers in order to convey any particularized message, nor to express to the purchaser any ideas, knowledge, or thoughts.

(5) No one should seek to profit from the display or sale to the general public of social security numbers in circumstances that create a substantial risk of physical, emotional, or financial harm to the individuals to whom those numbers are assigned.

(6) Various entities may display, sell, or use social security numbers, including the private sector, the Federal Government and State governments, and Federal and State courts. Whatever the source, the inappropriate display or sale to the general public of social security numbers should be prevented.

¹ Modified in general provisions p. 274.

PUBLIC LAW 106-553—APPENDIX B

114 STAT.

(7) Congress should enact legislation that will offer an individual assigned a social security number necessary protection from the display, sale, or purchase of the number in circumstances that might facilitate unlawful conduct or that might otherwise likely result in unfair and deceptive practices.

“(2) Any willful violation committed contemporaneously with respect to the social security numbers of 2 or more individuals by means of mail, telecommunication, or otherwise shall be treated as a separate violation with respect to each such individual.

“(3) The provisions of section 1128A (other than subsections (a), (b), (f), (h), (i), (j), and (m), and the first sentence of subsection (c)) and the provisions of subsections (d) and (e) of section 205 shall apply to civil money penalties under this subsection in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a), except that, for purposes of this paragraph, any reference in section 1128A to the Secretary shall be deemed a reference to the Commissioner of Social Security.

The Secretary, under such regulations as he may prescribe, may advance funds representing the United States pro rata share of a project that is a segment of a wildlife conservation and restoration program, including funds to develop such program.

“(B) Not more than 10 percent of the amounts apportioned to each State under this section for a State’s wildlife conservation and restoration program may be used for wildlife-associated recreation.

“(5) For purposes of this subsection, the term ‘State’ shall include the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.”.

(f) FACA.—Coordination with State fish and wildlife agency personnel or with personnel of other State agencies pursuant to the Federal Aid in Wildlife Restoration Act or the Federal Aid in Sport Fish Restoration Act shall not be subject to the Federal Advisory Committee Act (5 U.S.C. App.). Except for the preceding sentence, the provisions of this title relate solely to wildlife conservation and restoration programs and shall not be construed to affect the provisions of the Federal Aid in Wildlife Restoration Act relating to wildlife restoration projects or the provisions of

the Federal Aid in Sport Fish Restoration Act relating to fish restoration and management projects.

(g) EDUCATION.—Section 8(a) of the Federal Aid in Wildlife Restoration Act (16 U.S.C. 669g(a)) is amended by adding the following at the end thereof: “Funds from the Wildlife Conservation and Restoration Account may be used for a wildlife conservation education program, except that no such funds may be used for education efforts, projects, or programs that promote or encourage opposition to the regulated taking of wildlife.”.

(h) PROHIBITION AGAINST DIVERSION.—No designated State agency shall be eligible to receive matching funds under this title if sources of revenue available to it after January 1, 2000, for conservation of wildlife are diverted for any purpose other than the administration of the designated State agency, it being the intention of Congress that funds available to States under this title be added to revenues from existing State sources and not serve as a substitute for revenues from such sources. Such revenues shall include interest, dividends, or other income earned on the foregoing.

(i) NORTH AMERICAN WETLANDS CONSERVATION ACT.—Section 7(c) of the North American Wetlands Conservation Act (16 U.S.C. 4406(c)) is amended by striking “\$30,000,000” and inserting “\$50,000,000”.

SEC. 903. COASTAL IMPACT ASSISTANCE.

The Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) is amended by adding at the end the following:

“SEC. 31. COASTAL IMPACT ASSISTANCE.

“(a) IN GENERAL.—Nothing in this section shall be construed as a permanent authorization.

“(b) DEFINITIONS.—When used in this section:

“(1) The term ‘coastal political subdivision’ means a county, parish, or any equivalent subdivision of a Producing Coastal State all or part of which subdivision lies within the coastal zone (as defined in section 304(1) of the Coastal Zone Management Act of 1972 (16 U.S.C. 1453(1))).

“(2) The term ‘coastal population’ means the population of all political subdivisions, as determined by the most recent official data of the Census Bureau, contained in whole or in part within the designated coastal boundary of a State as defined in a State’s coastal zone management program under the Coastal Zone Management Act (16 U.S.C. 1451 et seq.).

“(3) The term ‘Coastal State’ has the same meaning as provided by subsection 304(4) of the Coastal Zone Management Act (16 U.S.C. 1453(4)).

“(4) The term ‘coastline’ has the same meaning as the term ‘coast line’ as defined in subsection 2(c) of the Submerged Lands Act (43 U.S.C. 1301(c)).

“(5) The term ‘distance’ means minimum great circle distance, measured in statute miles.

“(6) The term ‘leased tract’ means a tract maintained under section 6 or leased under section 8 for the purpose of drilling for, developing, and producing oil and natural gas resources.

“(7) The term ‘Producing Coastal State’ means a Coastal State with a coastal seaward boundary within 200 miles from the geographic center of a leased tract other than a leased tract within any area of the Outer Continental Shelf where

a moratorium on new leasing was in effect as of January 1, 2000, unless the lease was issued prior to the establishment of the moratorium and was in production on January 1, 2000.

“(8) The term ‘qualified Outer Continental Shelf revenues’ means all amounts received by the United States from each leased tract or portion of a leased tract lying seaward of the zone defined and governed by section 8(g) of this Act, or lying within such zone but to which section 8(g) does not apply, the geographic center of which lies within a distance of 200 miles from any part of the coastline of any Coastal State, including bonus bids, rents, royalties (including payments for royalties taken in kind and sold), net profit share payments, and related late payment interest. Such term does not include any revenues from a leased tract or portion of a leased tract that is included within any area of the Outer Continental Shelf where a moratorium on new leasing was in effect as of January 1, 2000, unless the lease was issued prior to the establishment of the moratorium and was in production on January 1, 2000.

“(9) The term ‘Secretary’ means the Secretary of Commerce.

“(c) AUTHORIZATION.—For fiscal year 2001, \$150,000,000 is authorized to be appropriated for the purposes of this section.

“(d) IMPACT ASSISTANCE PAYMENTS TO STATES AND POLITICAL SUBDIVISIONS.—The Secretary shall make payments from the amounts available under this section to Producing Coastal States with an approved Coastal Impact Assistance Plan, and to coastal political subdivisions as follows:

“(1) ALLOCATIONS TO PRODUCING COASTAL STATES.—In each fiscal year, each Producing Coastal State’s allocable share shall be equal to the sum of the following:

“(A) 60 percent of the amounts appropriated shall be equally divided among all Producing Coastal States;

“(B) 40 percent of the amounts appropriated for the purposes of this section shall be divided among Producing Coastal States based on Outer Continental Shelf production, except that of such amounts no Producing Coastal State may receive more than 25 percent in any fiscal year.

“(2) CALCULATION.—The amount for each Producing Coastal State under paragraph (1)(B) shall be calculated based on the ratio of qualified OCS revenues generated off the coastline of the Producing Coastal State to the qualified OCS revenues generated off the coastlines of all Producing Coastal States for the period beginning on January 1, 1995 and ending on December 31, 2000. Where there is more than one Producing Coastal State within 200 miles of a leased tract, the amount of each Producing Coastal State’s payment under paragraph (1)(B) for such leased tract shall be inversely proportional to the distance between the nearest point on the coastline of such State and the geographic center of each leased tract or portion of the leased tract (to the nearest whole mile) that is within 200 miles of that coastline, as determined by the Secretary. A leased tract or portion of a leased tract shall be excluded if the tract or portion is located in a geographic area where a moratorium on new leasing was in effect on January 1, 2000, unless the lease was issued prior to the establishment of the moratorium and was in production on January 1, 2000.

“(3) PAYMENTS TO COASTAL POLITICAL SUBDIVISIONS.—Thirty-five percent of each Producing Coastal State's allocable share as determined under paragraph (1) shall be paid directly to the coastal political subdivisions by the Secretary based on the following formula, except that a coastal political subdivision in the State of California that has a coastal shoreline, that is not within 200 miles of the geographic center of a leased tract or portion of a leased tract, and in which there is located one or more oil refineries shall be eligible for that portion of the allocation described in paragraph (C) in the same manner as if that political subdivision were located within a distance of 50 miles from the geographic center of the closest leased tract with qualified Outer Continental Shelf revenues:

“(A) Twenty-five percent shall be allocated based on the ratio of such coastal political subdivision's coastal population to the coastal population of all coastal political subdivisions in the Producing Coastal State.

“(B) Twenty-five percent shall be allocated based on the ratio of such coastal political subdivision's coastline miles to the coastline miles of all coastal political subdivisions in the Producing Coastal State.

“(C) Fifty percent shall be allocated based on the relative distance of such coastal political subdivision from any leased tract used to calculate that Producing Coastal State's allocation using ratios that are inversely proportional to the distance between the point in the coastal political subdivision closest to the geographic center of each leased tract or portion, as determined by the Secretary. For purposes of the calculations under this subparagraph, a leased tract or portion of a leased tract shall be excluded if the leased tract or portion is located in a geographic area where a moratorium on new leasing was in effect on January 1, 2000, unless the lease was issued prior to the establishment of the moratorium and was in production on January 1, 2000.

“(4) FAILURE TO HAVE PLAN APPROVED.—Any amount allocated to a Producing Coastal State or coastal political subdivision but not disbursed because of a failure to have an approved Coastal Impact Assistance Plan under this section shall be allocated equally by the Secretary among all other Producing Coastal States in a manner consistent with this subsection except that the Secretary shall hold in escrow such amount until the final resolution of any appeal regarding the disapproval of a plan submitted under this section. The Secretary may waive the provisions of this paragraph and hold a Producing Coastal State's allocable share in escrow if the Secretary determines that such State is making a good faith effort to develop and submit, or update, a Coastal Impact Assistance Plan.

“(e) COASTAL IMPACT ASSISTANCE PLAN.—

“(1) DEVELOPMENT AND SUBMISSION OF STATE PLANS.—The Governor of each Producing Coastal State shall prepare, and submit to the Secretary, a Coastal Impact Assistance Plan. The Governor shall solicit local input and shall provide for public participation in the development of the plan. The plan shall be submitted to the Secretary by July 1, 2001. Amounts

received by Producing Coastal States and coastal political subdivisions may be used only for the purposes specified in the Producing Coastal State's Coastal Impact Assistance Plan.

“(2) APPROVAL.—The Secretary shall approve a plan under paragraph (1) prior to disbursement of amounts under this section. The Secretary shall approve the plan if the Secretary determines that the plan is consistent with the uses set forth in subsection (f) and if the plan contains each of the following:

“(A) The name of the State agency that will have the authority to represent and act for the State in dealing with the Secretary for purposes of this section.

“(B) A program for the implementation of the plan which describes how the amounts provided under this section will be used.

“(C) A contact for each political subdivision and description of how coastal political subdivisions will use amounts provided under this section, including a certification by the Governor that such uses are consistent with the requirements of this section.

“(D) Certification by the Governor that ample opportunity has been accorded for public participation in the development and revision of the plan.

“(E) Measures for taking into account other relevant Federal resources and programs.

“(3) PROCEDURE.—The Secretary shall approve or disapprove each plan or amendment within 90 days of its submission.

“(4) AMENDMENT.—Any amendment to the plan shall be prepared in accordance with the requirements of this subsection and shall be submitted to the Secretary for approval or disapproval.

“(f) AUTHORIZED USES.—Producing Coastal States and coastal political subdivisions shall use amounts provided under this section, including any such amounts deposited in a State or coastal political subdivision administered trust fund dedicated to uses consistent with this subsection, in compliance with Federal and State law and only for one or more of the following purposes:

“(1) uses set forth in new section 32(c)(4) of the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) proposed by the amendment to H.R. 701 of the 106th Congress as reported by the Senate Committee on Energy and Natural Resources;

“(2) projects and activities for the conservation, protection or restoration of wetlands;

“(3) mitigating damage to fish, wildlife or natural resources, including such activities authorized under subtitle B of title IV of the Oil Pollution Act of 1990 (33 U.S.C. 1321(c), (d));

“(4) planning assistance and administrative costs of complying with the provisions of this section;

“(5) implementation of Federally approved marine, coastal, or comprehensive conservation management plans; and

“(6) mitigating impacts of Outer Continental Shelf activities through funding of: (A) onshore infrastructure projects; and (B) other public service needs intended to mitigate the environmental effects of Outer Continental Shelf activities: *Provided*, That funds made available under this paragraph shall not exceed 23 percent of the funds provided under this section.

“(g) COMPLIANCE WITH AUTHORIZED USES.—If the Secretary determines that any expenditure made by a Producing Coastal State or coastal political subdivision is not consistent with the uses authorized in subsection (f), the Secretary shall not disburse any further amounts under this section to that Producing Coastal State or coastal political subdivision until the amounts used for the inconsistent expenditure have been repaid or obligated for authorized uses.”.

SEC. 1004. APPROVAL OF LOAN GUARANTEES.

(a) AUTHORITY TO APPROVE LOAN GUARANTEES.—Subject to the provisions of this section and consistent with the purpose of this Act, the Board may approve loan guarantees under this Act.

(b) REGULATIONS.—

(1) REQUIREMENTS.—The Administrator (as defined in section 5), under the direction of and for approval by the Board, shall prescribe regulations to implement the provisions of this Act and shall do so not later than 120 days after funds authorized to be appropriated under section 11 have been appropriated in a bill signed into law.

(2) ELEMENTS.—The regulations prescribed under paragraph (1) shall—

(A) set forth the form of any application to be submitted to the Board under this Act;

(B) set forth time periods for the review and consideration by the Board of applications to be submitted to the Board under this Act, and for any other action to be taken by the Board with respect to such applications;

(B) If any provision of this Act or the application of such provision to any person or entity or circumstance is held to be invalid by a court of competent jurisdiction, the remainder of this Act, or the application of such provision to such person or entity or circumstance other than those as to which it is held invalid, shall not be affected thereby.

(c) AUTHORITY LIMITED BY APPROPRIATIONS ACTS.—The Board may approve loan guarantees under this Act only to the extent provided for in advance in appropriations Acts, and the Board may accept credit risk premiums from a non-Federal source in order to cover the cost of a loan guarantee under this Act, to

the extent that appropriations of budget authority are insufficient to cover such costs.

(d) REQUIREMENTS AND CRITERIA APPLICABLE TO APPROVAL.—

(1) IN GENERAL.—The Board shall utilize the underwriting criteria developed under subsection (g), and any relevant information provided by the departments and agencies with which the Board consults under section 3, to determine which loans may be eligible for a loan guarantee under this Act.

(2) PREREQUISITES.—In addition to meeting the underwriting criteria under paragraph (1), a loan may not be guaranteed under this Act unless—

(A) the loan is made to finance the acquisition, improvement, enhancement, construction, deployment, launch, or rehabilitation of the means by which local television broadcast signals will be delivered to a nonserved area or underserved area;

(B) the proceeds of the loan will not be used for operating, advertising, or promotion expenses, or for the acquisition of licenses for the use of spectrum in any competitive bidding under section 309(j) of the Communications Act of 1934 (47 U.S.C. 309(j));

(C) the proposed project, as determined by the Board in consultation with the National Telecommunications and Information Administration, is not likely to have a substantial adverse impact on competition that outweighs the benefits of improving access to the signals of a local television station in a nonserved area or underserved area and is commercially viable;

(D)(i) the loan—

(I) is provided by any entity engaged in the business of commercial lending—

(aa) if the loan is made in accordance with loan-to-one-borrower and affiliate transaction restrictions to which the entity is subject under applicable law; or

(bb) if item (aa) does not apply, the loan is made only to a borrower that is not an affiliate of the entity and only if the amount of the loan and all outstanding loans by that entity to that borrower and any of its affiliates does not exceed 10 percent of the net equity of the entity; or

(II) is provided by a nonprofit corporation, including the National Rural Utilities Cooperative Finance Corporation, engaged primarily in commercial lending, if the Board determines that such nonprofit corporation has one or more issues of outstanding long-term debt that is rated within the highest 3 rating categories of a nationally recognized statistical rating organization;

(ii) if the loan is provided by a lender described in clause (i)(II) and the Board determines that the making of the loan by such lender will cause a decline in such lender's debt rating as described in that clause, the Board at its discretion may disapprove the loan guarantee on this basis;

(iii) no loan may be made for purposes of this Act by a governmental entity or affiliate thereof, or by the

Federal Agricultural Mortgage Corporation, or any institution supervised by the Office of Federal Housing Enterprise Oversight, the Federal Housing Finance Board, or any affiliate of such entities;

(iv) any loan must have terms, in the judgment of the Board, that are consistent in material respects with the terms of similar obligations in the private capital market;

(v) for purposes of clause (i)(I)(bb), the term “net equity” means the value of the total assets of the entity, less the total liabilities of the entity, as recorded under generally accepted accounting principles for the fiscal quarter ended immediately prior to the date on which the subject loan is approved;

(E) repayment of the loan is required to be made within a term of the lesser of—

(i) 25 years from the date of the execution of the loan; or

(ii) the economically useful life, as determined by the Board or in consultation with persons or entities deemed appropriate by the Board, of the primary assets to be used in the delivery of the signals concerned; and

(F) the loan meets any additional criteria developed under subsection (g).

(3) PROTECTION OF UNITED STATES FINANCIAL INTERESTS.—

The Board may not approve the guarantee of a loan under this Act unless—

(A) the Board has been given documentation, assurances, and access to information, persons, and entities necessary, as determined by the Board, to address issues relevant to the review of the loan by the Board for purposes of this Act; and

(B) the Board makes a determination in writing that—

(i) to the best of its knowledge upon due inquiry, the assets, facilities, or equipment covered by the loan will be utilized economically and efficiently;

(ii) the terms, conditions, security, and schedule and amount of repayments of principal and the payment of interest with respect to the loan protect the financial interests of the United States and are reasonable;

(iii) the value of collateral provided by an applicant is at least equal to the unpaid balance of the loan amount covered by the loan guarantee (the “Amount” for purposes of this clause); and if the value of collateral provided by an applicant is less than the Amount, the additional required collateral is provided by any affiliate of the applicant;

(iv) all necessary and required regulatory and other approvals, spectrum licenses, and delivery permissions have been received for the loan and the project under the loan;

(v) the loan would not be available on reasonable terms and conditions without a loan guarantee under this Act; and

(vi) repayment of the loan can reasonably be expected.

(e) CONSIDERATIONS.—

(1) TYPE OF MARKET.—

(A) PRIORITY CONSIDERATIONS.—To the maximum extent practicable, the Board shall give priority in the approval of loan guarantees under this Act in the following order:

(i) First, to projects that will serve households in nonserved areas. In considering such projects, the Board shall balance projects that will serve the largest number of households with projects that will serve remote, isolated communities (including noncontiguous States) in areas that are unlikely to be served through market mechanisms.

(ii) Second, to projects that will serve households in underserved areas. In considering such projects, the Board shall balance projects that will serve the largest number of households with projects that will serve remote, isolated communities (including noncontiguous States) in areas that are unlikely to be served through market mechanisms.

Within each category, the Board shall consider the project's estimated cost per household and shall give priority to those projects that provide the highest quality service at the lowest cost per household.

(B) ADDITIONAL CONSIDERATION.—The Board should give additional consideration to projects that also provide high-speed Internet service.

(C) PROHIBITIONS.—The Board may not approve a loan guarantee under this Act for a project that—

(i) is designed primarily to serve 1 or more of the top 40 designated market areas (as that term is defined in section 122(j) of title 17, United States Code); or

(ii) would alter or remove National Weather Service warnings from local broadcast signals.

(2) OTHER CONSIDERATIONS.—The Board shall consider other factors, which shall include projects that would—

(A) offer a separate tier of local broadcast signals, but for applicable Federal, State, or local laws or regulations;

(B) provide lower projected costs to consumers of such separate tier; and

(C) enable the delivery of local broadcast signals consistent with the purpose of this Act by a means reasonably compatible with existing systems or devices predominantly in use.

(3) FURTHER CONSIDERATION.—In implementing this Act, the Board shall support the use of loan guarantees for projects that would serve households not likely to be served in the absence of loan guarantees under this Act.

(f) GUARANTEE LIMITS.—

(1) LIMITATION ON AGGREGATE VALUE OF LOANS.—The aggregate value of all loans for which loan guarantees are issued under this Act (including the unguaranteed portion of such loans) may not exceed \$1,250,000,000.

PUBLIC LAW 106-553—APPENDIX B

114 STAT.

(2) **GUARANTEE LEVEL.**—A loan guarantee issued under this Act may not exceed an amount equal to 80 percent of a loan meeting in its entirety the requirements of subsection (d)(2)(A). If only a portion of a loan meets the requirements of that subsection, the Board shall determine that percentage of the loan meeting such requirements (the “applicable portion”) and may issue a loan guarantee in an amount not exceeding 80 percent of the applicable portion.

(g) **UNDERWRITING CRITERIA.**—Within the period provided for under subsection (b)(1), the Board shall, in consultation with the Director of the Office of Management and Budget and an independent public accounting firm, develop underwriting criteria relating to the guarantee of loans that are consistent with the purpose of this Act, including appropriate collateral and cash flow levels for loans guaranteed under this Act, and such other matters as the Board considers appropriate.

(h) **CREDIT RISK PREMIUMS.**—

(1) **ESTABLISHMENT AND ACCEPTANCE.**—

(A) **IN GENERAL.**—The Board may establish and approve the acceptance of credit risk premiums with respect to a loan guarantee under this Act in order to cover the cost, as defined in section 502(5) of the Federal Credit Reform Act of 1990, of the loan guarantee. To the extent that appropriations of budget authority are insufficient to cover the cost, as so determined, of a loan guarantee under this Act, credit risk premiums shall be accepted from a non-Federal source under this subsection on behalf of the applicant for the loan guarantee.

(B) **AUTHORITY LIMITED BY APPROPRIATIONS ACTS.**—Credit risk premiums under this subsection shall be imposed only to the extent provided for in advance in appropriations Acts.

(2) **CREDIT RISK PREMIUM AMOUNT.**—

(A) **IN GENERAL.**—The Board shall determine the amount of any credit risk premium to be accepted with respect to a loan guarantee under this Act on the basis of—

(i) the financial and economic circumstances of the applicant for the loan guarantee, including the amount of collateral offered;

(ii) the proposed schedule of loan disbursements;

(iii) the business plans of the applicant for providing service;

(iv) any financial commitment from a broadcast signal provider; and

(v) the concurrence of the Director of the Office of Management and Budget as to the amount of the credit risk premium.

(B) **PROPORTIONALITY.**—To the extent that appropriations of budget authority are sufficient to cover the cost, as determined under section 502(5) of the Federal Credit Reform Act of 1990, of loan guarantees under this Act, the credit risk premium with respect to each loan guarantee shall be reduced proportionately.

(C) **PAYMENT OF PREMIUMS.**—Credit risk premiums under this subsection shall be paid to an account (the “Escrow Account”) established in the Treasury which shall

accrue interest and such interest shall be retained by the account, subject to subparagraph (D).

(D) DEDUCTIONS FROM ESCROW ACCOUNT.—If a default occurs with respect to any loan guaranteed under this Act and the default is not cured in accordance with the terms of the underlying loan or loan guarantee agreement, the Administrator, in accordance with subsections (i) and (j) of section 5, shall liquidate, or shall cause to be liquidated, all assets collateralizing such loan as to which it has a lien or security interest. Any shortfall between the proceeds of the liquidation net of costs and expenses relating to the liquidation, and the guarantee amount paid pursuant to this Act shall be deducted from funds in the Escrow Account and credited to the Administrator for payment of such shortfall. At such time as determined under subsection (d)(2)(E) of this section when all loans guaranteed under this Act have been repaid or otherwise satisfied in accordance with this Act and the regulations promulgated hereunder, remaining funds in the Escrow Account, if any, shall be refunded, on a pro rata basis, to applicants whose loans guaranteed under this Act were not in default, or where any default was cured in accordance with the terms of the underlying loan or loan guarantee agreement.

(i) LIMITATIONS ON GUARANTEES FOR CERTAIN CABLE OPERATORS.—Notwithstanding any other provision of this Act, no loan guarantee under this Act may be granted or used to provide funds for a project that extends, upgrades, or enhances the services provided over any cable system to an area that, as of the date of the enactment of this Act, is covered by a cable franchise agreement that expressly obligates a cable system operator to serve such area.

(j) JUDICIAL REVIEW.—The decision of the Board to approve or disapprove the making of a loan guarantee under this Act shall not be subject to judicial review.

(k) APPLICABILITY OF APA.—Except as otherwise provided in subsection (j), the provisions of subchapter II of chapter 5 and chapter 7 of title 5, United States Code (commonly referred to as the Administrative Procedure Act), shall apply to actions taken under this Act.

SEC. 1005. ADMINISTRATION OF LOAN GUARANTEES.

(a) IN GENERAL.—The Administrator of the Rural Utilities Service (in this Act referred to as the “Administrator”) shall issue and otherwise administer loan guarantees that have been approved by the Board in accordance with sections 3 and 4.

(b) SECURITY FOR PROTECTION OF UNITED STATES FINANCIAL INTERESTS.—

(1) TERMS AND CONDITIONS.—An applicant shall agree to such terms and conditions as are satisfactory, in the judgment of the Board, to ensure that, as long as any principal or interest is due and payable on a loan guaranteed under this Act, the applicant—

(A) shall maintain assets, equipment, facilities, and operations on a continuing basis;

(B) shall not make any discretionary dividend payments that impair its ability to repay obligations guaranteed under this Act;

PUBLIC LAW 106-553—APPENDIX B

114 STAT.

(C) shall remain sufficiently capitalized; and
 (D) shall submit to, and cooperate fully with, any audit of the applicant under section 6(a)(2).

(2) COLLATERAL.—

(A) EXISTENCE OF ADEQUATE COLLATERAL.—An applicant shall provide the Board such documentation as is necessary, in the judgment of the Board, to provide satisfactory evidence that appropriate and adequate collateral secures a loan guaranteed under this Act.

(B) FORM OF COLLATERAL.—Collateral required by subparagraph (A) shall consist solely of assets of the applicant, any affiliate of the applicant, or both (whichever the Board considers appropriate), including primary assets to be used in the delivery of signals for which the loan is guaranteed.

(C) REVIEW OF VALUATION.—The value of collateral securing a loan guaranteed under this Act may be reviewed by the Board, and may be adjusted downward by the Board if the Board reasonably believes such adjustment is appropriate.

(3) LIEN ON INTERESTS IN ASSETS.—Upon the Board's approval of a loan guarantee under this Act, the Administrator shall have liens on assets securing the loan, which shall be superior to all other liens on such assets, and the value of the assets (based on a determination satisfactory to the Board) subject to the liens shall be at least equal to the unpaid balance of the loan amount covered by the loan guarantee, or that value approved by the Board under section 4(d)(3)(B)(iii).

(4) PERFECTED SECURITY INTEREST.—With respect to a loan guaranteed under this Act, the Administrator and the lender shall have a perfected security interest in assets securing the loan that are fully sufficient to protect the financial interests of the United States and the lender.

(5) INSURANCE.—In accordance with practices in the private capital market, as determined by the Board, the applicant for a loan guarantee under this Act shall obtain, at its expense, insurance sufficient to protect the financial interests of the United States, as determined by the Board.

(c) ASSIGNMENT OF LOAN GUARANTEES.—The holder of a loan guarantee under this Act may assign the loan guaranteed under this Act in whole or in part, subject to such requirements as the Board may prescribe.

(d) EXPIRATION OF LOAN GUARANTEE UPON STRIPPING.—Notwithstanding subsections (c), (e), and (h), a loan guarantee under this Act shall have no force or effect if any part of the guaranteed portion of the loan is transferred separate and apart from the unguaranteed portion of the loan.

(e) ADJUSTMENT.—The Board may approve the adjustment of any term or condition of a loan guarantee or a loan guaranteed under this Act, including the rate of interest, time of payment of principal or interest, or security requirements only if—

(1) the adjustment is consistent with the financial interests of the United States;

(2) consent has been obtained from the parties to the loan agreement;

(3) the adjustment is consistent with the underwriting criteria developed under section 4(g);

(4) the adjustment does not adversely affect the interest of the Federal Government in the assets or collateral of the applicant;

(5) the adjustment does not adversely affect the ability of the applicant to repay the loan; and

(6) the National Telecommunications and Information Administration has been consulted by the Board regarding the adjustment.

(f) PERFORMANCE SCHEDULES.—

(1) PERFORMANCE SCHEDULES.—An applicant for a loan guarantee under this Act for a project covered by section 4(e)(1) shall enter into stipulated performance schedules with the Administrator with respect to the signals to be provided through the project.

(2) PENALTY.—The Administrator may assess against and collect from an applicant described in paragraph (1) a penalty not to exceed 3 times the interest due on the guaranteed loan of the applicant under this Act if the applicant fails to meet its stipulated performance schedule under that paragraph.

(g) COMPLIANCE.—The Administrator, in cooperation with the Board and as the regulations of the Board may provide, shall enforce compliance by an applicant, and any other party to a loan guarantee for whose benefit assistance under this Act is intended, with the provisions of this Act, any regulations under this Act, and the terms and conditions of the loan guarantee, including through the submittal of such reports and documents as the Board may require in regulations prescribed by the Board and through regular periodic inspections and audits.

(h) COMMERCIAL VALIDITY.—A loan guarantee under this Act shall be incontestable—

(1) in the hands of an applicant on whose behalf the loan guarantee is made, unless the applicant engaged in fraud or misrepresentation in securing the loan guarantee; and

CLEAN COAL TECHNOLOGY

SEC. 537. (a) FINDINGS.—The Congress finds as follows:

(1) The United States is the world leader in the development of environmental technologies, particularly clean coal technology.

(2) Severe pollution problems affecting people in developing countries, and the serious health problems that result from such pollution, can be effectively addressed through the application of United States technology.

(3) During the next century, developing countries, particularly countries in Asia such as China and India, will dramatically increase their consumption of electricity, and low quality coal will be a major source of fuel for power generation.

(4) Without the use of modern clean coal technology, the resultant pollution will cause enormous health and environmental problems leading to diminished economic growth in developing countries and, thus, diminished United States exports to those growing markets.

(b) STATEMENT OF POLICY.—It is the policy of the United States to promote the export of United States clean coal technology. In furtherance of that policy, the Secretary of State, the Secretary of the Treasury (acting through the United States executive directors to international financial institutions), the Secretary of Energy, and the Administrator of the United States Agency for International Development (USAID) should, as appropriate, vigorously promote

the use of United States clean coal technology in environmental and energy infrastructure programs, projects and activities. Programs, projects and activities for which the use of such technology should be considered include reconstruction assistance for the Balkans, activities carried out by the Global Environment Facility, and activities funded from USAID's Development Credit Authority.

“It is the policy of the United States to work to implement reforms in the International Monetary Fund (IMF) to achieve the following goals:

“(1) SHORT-TERM BALANCE OF PAYMENTS FINANCING.—Lending from the general resources of the Fund should concentrate chiefly on short-term balance of payments financing.

“(2) LIMITATIONS ON MEDIUM-TERM FINANCING.—Use of medium-term lending from the general resources of the Fund should be limited to a set of well-defined circumstances, such as—

“(A) when a member’s balance of payments problems will be protracted;

“(B) such member has a strong structural reform program in place; and

“(C) the member has little or no access to private sources of capital.

“(3) PREMIUM PRICING.—Premium pricing should be introduced for lending from the general resources of the Fund, for greater than 200 percent of a member’s quota in the Fund, to discourage excessive use of Fund lending and to encourage members to rely on private financing to the maximum extent possible.

“(4) REDRESSING MISREPORTING OF INFORMATION.—The Fund should have in place and apply systematically a strong framework of safeguards and measures to respond to, correct, and discourage cases of misreporting of information in the context of a Fund program, including—

“(A) suspending Fund disbursements and ensuring that Fund lending is not resumed to members that engage in serious misreporting of material information until such time as remedial actions and sanctions, as appropriate, have been applied;

“(B) ensuring that members make early repayments, where appropriate, of Fund resources disbursed on the basis of misreported information;

“(C) making public cases of serious misreporting of material information;

“(D) requiring all members receiving new disbursements from the Fund to undertake annually independent audits of central bank financial statements and publish the resulting audits; and

“(E) requiring all members seeking new loans from the Fund to provide to the Fund detailed information regarding their internal control procedures, financial reporting and audit mechanisms and, in cases where there are questions about the adequacy of these systems, undertaking an on-site review and identifying needed remedies.”.

SEC. 135. (a) FINDINGS.—The Senate makes the following findings—

(1) in 1990, pursuant to the Indian Self-Determination and Education Assistance Act (ISDEAA), 25 U.S.C. 450 et seq., a class action lawsuit was filed by Indian tribal contractors and tribal consortia against the United States, the Secretary of the Interior and others seeking money damages, injunctive relief, and declaratory relief for alleged violations of the

PUBLIC LAW 106-291—OCT. 11, 2000

ISDEAA (Ramah Navajo Chapter v. Lujan, 112 F.3d 1455 (10th Cir. 1997));

(2) the parties negotiated a partial settlement of the claim totaling \$76,200,000, plus applicable interest, which was approved by the court on May 14, 1999;

(3) the partial settlement was paid by the United States in September 1999, in the amount of \$82,000,000;

(4) the Judgment Fund was established to pay for legal judgments awarded to plaintiffs who have filed suit against the United States;

(5) the Contract Disputes Act of 1978 requires that the Judgment Fund be reimbursed by the responsible agency following the payment of an award from the Fund; and

(6) the shortfall in contract support payments found by the Court of Appeals for the 10th Circuit in Ramah resulted primarily from the non-payment or underpayment of indirect costs by agencies other than the Bureau of Indian Affairs and the Indian Health Service.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) repayment of the Judgment Fund for the partial settlement in Ramah from the accounts of the Bureau of Indian Affairs and Indian Health Service would significantly reduce funds appropriated to benefit tribes and individual Native Americans; and

(2) the Secretary of the Interior should work with the Director of the Office of Management and Budget to secure funding for repayment of the judgment in Ramah within the budgets of the agencies that did not pay indirect costs to plaintiffs during the period 1988 to 1993 or paid indirect costs at less than rates provided under the Indian Self-Determination Act during such period.

Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2001, less than the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar, the volume of western red cedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (i) which is surplus to the needs of domestic processors in Alaska; and (ii) is that percent of the surplus western red cedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a "rolling basis" shall mean that the determination of how much western red cedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western red cedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the timber sale holder has presented to the Forest Service documentation of the inability to sell western red cedar logs from a given sale to domestic Alaska processors at price equal to or greater than the log selling value stated in the contract. All additional western red cedar volume

(i) to facilitate communications and sharing of research data between the agency and the Idaho scientific community;

(ii) to facilitate development and maintenance of the Boise laboratory as a modern, high quality research facility; and

(iii) to reduce costs, better use assets, and better serve the public; and

(D) it is desirable to make the Boise laboratory site available for inclusion in a planned facility that is being developed on adjacent property by the University of Idaho

Cabin User Fee
Fairness Act of
2000.TITLE VI—USER FEES UNDER FOREST SYSTEM
RECREATION RESIDENCE PROGRAM16 USC 6201
note.**SEC. 601. SHORT TITLE.**

This title may be cited as the “Cabin User Fee Fairness Act of 2000”.

16 USC 6201.

SEC. 602. FINDINGS.

Congress finds that—

(1) cabins located on forest land have provided a unique recreation experience to a large number of cabin owners, their families, and guests each year since Congress authorized the recreation residence program in 1915; and

(2) the fact that current appraisal procedures have, in certain circumstances, been inconsistently applied in determining fair market values for residential lots demonstrates that problems exist in accurately reflecting market values.

16 USC 6202.

SEC. 603. PURPOSES.

The purposes of this title are—

(1) to ensure, to the maximum extent practicable, that the National Forest System recreation residence program is managed to preserve the opportunity for individual and family-oriented recreation; and

(2) to develop and implement a more consistent procedure for determining cabin user fees, taking into consideration the limitations of an authorization and other relevant market factors.

SEC. 605. ADMINISTRATION OF RECREATION RESIDENCE PROGRAM. 16 USC 6204.

The Secretary shall ensure, to the maximum extent practicable, that the basis and procedure for calculating cabin user fees results in a fee for an authorization that reflects, in accordance with this title—

- (1) the market value of a lot; and
- (2) regional and local economic influences.

SEC. 606. APPRAISALS. 16 USC 6205.

during the completion of which the Secretary shall presume that a cabin owner, or a predecessor of the owner, has paid for the capital costs of any utility, access, or facility serving the lot being appraised, unless the Forest Service produces evidence that the agency or a third party has paid for the capital costs;

(2) establish an appraisal process to determine the market value of the fee simple estate of a typical lot or lots considered to be in a natural, native state, subject to subsection (b)(4)(A);

(1) APPRAISAL OF A TYPICAL LOT.—

114 STAT.

(2) EXCEPTION FOR CERTAIN SALES OF LAND.—In conducting an appraisal under this title, the appraiser—

(A) shall not select sales of comparable land that are sales of land within developed urban areas; and

(B) should not, in most circumstances, select a sale of comparable land that includes land that is encumbered by a conservation or recreational easement that is held by a government or institution, except land that is limited to use as a site for 1 home.

(3) ADJUSTMENTS FOR TYPICAL VALUE INFLUENCES.—

(A) IN GENERAL.—The appraiser shall consider, and adjust as appropriate, the price of sales of comparable land for all typical value influences described in subparagraph (B).

(B) VALUE INFLUENCES.—The typical value influences referred to in subparagraph (A) include—

(i) differences in the locations of the parcels;

(ii) accessibility, including limitations on access attributable to—

(I) weather;

(II) the condition of roads or trails;

(III) restrictions imposed by the agency; or

(B) ADJUSTMENT FOR EXCLUSION.—In a case in which any comparable sale includes utilities, access, or facilities that are to be excluded in the appraisal of the subject lot, the price of the comparable sale shall be adjusted, as appropriate.

(C) ADJUSTMENT PROCESS.—

(i) IN GENERAL.—The appraiser shall consider and adjust, as appropriate, the price of each sale of a comparable parcel for all nonnatural features referred to in subparagraph (A)(ii) that—

(I)(aa) are present at, or add value to, the comparable parcel; but

(bb) are not present at the lot being appraised;

or

(II) are not included in the appraisal as described in subparagraph (A).

(ii) ADJUSTMENTS.—

(I) IN GENERAL.—In a case in which the price of a parcel sold is to be adjusted in accordance with subparagraph (B), the adjustment may be based on an analysis of market or cost information or both.

(II) COST INFORMATION.—If cost information is used as the basis of an adjustment under subclause (I), the cost information shall be supported by direct market evidence.

(iii) ANALYSIS OF COST INFORMATION.—An analysis of cost information under clause (ii)(I) should include allowances, as appropriate, if the allowances are consistent with—

(I) the Uniform Standards of Professional Appraisal Practice in effect on the date of the analysis; and

(II) the Uniform Appraisal Standards for Federal Land Acquisition.

(D) REAPPRAISAL FOR AND RECALCULATION OF BASE CABIN USER FEE.—Periodically, but not less often than once every 10 years, the Secretary shall recalculate the base cabin user fee (including conducting any reappraisal required to recalculate the base cabin user fee).

16 USC 6206.

SEC. 607. CABIN USER FEES.

(a) IN GENERAL.—The Secretary shall establish the cabin user fee as the amount that is equal to 5 percent of the market value of the lot, as determined in accordance with section 606, reflecting an adjustment to the typical market rate of return due to restrictions imposed by the permit, including—

(1) the limited term of the authorization;

(2) the absence of significant property rights normally attached to fee simple ownership; and

(3) the public right of access to, and use of, any open portion of the lot on which the cabin or other enclosed improvements are not located.

PUBLIC LAW 106-291—OCT. 11, 2000

114 STAT.

(b) **FEE FOR CARETAKER CABIN.**—The base cabin user fee for a lot on which a caretaker cabin is located shall not be greater than the base cabin user fee charged for the authorized use of a similar typical lot in the tract.

(c) **ANNUAL CABIN USER FEE IN THE EVENT OF DETERMINATION NOT TO REISSUE AUTHORIZATION.**—If the Secretary determines that an authorization should not be reissued at the end of a term, the Secretary shall—

(1) establish as the new base cabin user fee for the remaining term of the authorization the amount charged as the cabin user fee in the year that was 10 years before the year in which the authorization expires; and

(2) calculate the current cabin user fee for each of the remaining 9 years of the term of the authorization by multiplying—

(A) $\frac{1}{10}$ of the new base cabin user fee; by

(B) the number of years remaining in the term of the authorization after the year for which the cabin user fee is being calculated.

(d) **ANNUAL CABIN USER FEE IN EVENT OF CHANGED CONDITIONS.**—If a review of a decision to convert a lot to an alternative public use indicates that the continuation of the authorization for use and occupancy of the cabin by the cabin owner is warranted, and the decision is subsequently reversed, the Secretary may require the cabin owner to pay any portion of annual cabin user fees that were forgone as a result of the expectation of termination of use and occupancy of the cabin by the cabin owner.

(e) **TERMINATION OF FEE OBLIGATION IN LOSS RESULTING FROM ACTS OF GOD OR CATASTROPHIC EVENTS.**—On a determination by the agency that, because of an act of God or a catastrophic event, a lot cannot be safely occupied and the authorization for the lot should accordingly be terminated, the fee obligation of the cabin owner shall terminate effective on the date of the occurrence of the act or event.

SEC. 608. ANNUAL ADJUSTMENT OF CABIN USER FEE.

16 USC 6207.

(a) **IN GENERAL.**—The Secretary shall adjust the cabin user fee annually, using a rolling 5-year average of a published price index in accordance with subsection (b) or (c) that reports changes in rural or similar land values in the State, county, or market area in which the lot is located.

(b) **INITIAL INDEX.**—

(1) **IN GENERAL.**—For the period of 10 years beginning on the date of enactment of this title, the Secretary shall use changes in agricultural land prices in the appropriate State or county, as reported in the Index of Agricultural Land Prices published by the Department of Agriculture, to determine the annual adjustment to the cabin user fee in accordance with subsections (a) and (d).

(2) **STATEWIDE CHANGES.**—In determining the annual adjustment to the cabin user fee for an authorization located in a county in which agricultural land prices are influenced by the value influences described in section 606(b)(3), the Secretary shall use average statewide changes in the State in which the lot is located.

(c) **NEW INDEX.**—

(a) DUE DATE FOR PAYMENT OF FEES.—A cabin user fee shall be prepaid annually by the cabin owner.

(c) PAYMENT OF GREATER FEE.—If, in accordance with section 607, the Secretary determines that the amount of a new base cabin user fee is greater than the amount of the current base cabin user fee, the Secretary shall—

(1) require full payment of the new base cabin user fee in the first year following completion of the fee determination procedure if the increase in the amount of the new base cabin user fee is not more than 100 percent of the current base cabin user fee; or

(1) Organ procurement organizations play an important role in the effort to increase organ donation in the United States.

(2) The current process for the certification and recertification of organ procurement organizations conducted by the Department of Health and Human Services has created a level of uncertainty that is interfering with the effectiveness of organ procurement organizations in raising the level of organ donation.

(3) The General Accounting Office, the Institute of Medicine, and the Harvard School of Public Health have identified substantial limitations in the organ procurement organization certification and recertification process and have recommended changes in that process.

(4) The limitations in the recertification process include:

(A) An exclusive reliance on population-based measures of performance that do not account for the potential in the population for organ donation and do not permit consideration of other outcome and process standards that would more accurately reflect the relative capability and performance of each organ procurement organization.

(B) A lack of due process to appeal to the Secretary of Health and Human Services for recertification on either substantive or procedural grounds.

(5) The Secretary of Health and Human Services has the authority under section 1138(b)(1)(A)(i) of the Social Security Act (42 U.S.C. 1320b-8(b)(1)(A)(i)) to extend the period for recertification of an organ procurement organization from 2

to 4 years on the basis of its past practices in order to avoid the inappropriate disruption of the nation's organ system.

(6) The Secretary of Health and Human Services can use the extended period described in paragraph (5) for recertification of all organ procurement organizations to—

(A) develop improved performance measures that would reflect organ donor potential and interim outcomes, and to test these measures to ensure that they accurately measure performance differences among the organ procurement organizations; and

(B) improve the overall certification process by incorporating process as well as outcome performance measures, and developing equitable processes for appeals.

(b) Section 371(b)(1) of the Public Health Service Act (42 U.S.C. 273(b)(1)) is amended—

(1) by redesignating subparagraphs (D) through (G) as subparagraphs (E) through (H), respectively;

(2) by realigning the margin of subparagraph (F) (as so redesignated) so as to align with subparagraph (E) (as so redesignated); and

(3) by inserting after subparagraph (C) the following:

“(D) notwithstanding any other provision of law, has met the other requirements of this section and has been certified or recertified by the Secretary within the previous 4-year period as meeting the performance standards to be a qualified organ procurement organization through a process that either—

“(i) granted certification or recertification within such 4-year period with such certification or recertification in effect as of January 1, 2000, and remaining in effect through the earlier of—

“(I) January 1, 2002; or

“(II) the completion of recertification under the requirements of clause (ii); or

“(ii) is defined through regulations that are promulgated by the Secretary by not later than January 1, 2002, that—

“(I) require recertifications of qualified organ procurement organizations not more frequently than once every 4 years;

“(II) rely on outcome and process performance measures that are based on empirical evidence, obtained through reasonable efforts, of organ donor potential and other related factors in each service area of qualified organ procurement organizations;

“(III) use multiple outcome measures as part of the certification process; and

“(IV) provide for a qualified organ procurement organization to appeal a decertification to the Secretary on substantive and procedural grounds;”.

SEC. 220. (a) In order for the Centers for Disease Control and Prevention to carry out international HIV/AIDS and other infectious disease, chronic and environmental disease, and other health activities abroad during fiscal year 2001, the Secretary of Health and Human Services is authorized to—

PUBLIC LAW 106-554—APPENDIX A

(2) enter into reimbursable agreements with the Department of State using any funds appropriated to the Department of Health and Human Services, for the purposes for which the funds were appropriated in accordance with authority granted to the Secretary of Health and Human Services or under authority governing the activities of the Department of State.

(b) In exercising the authority set forth in subsection (a)(1), the Secretary of Health and Human Services—

(1) shall not award contracts for performance of an inherently governmental function; and

(2) shall follow otherwise applicable Federal procurement laws and regulations to the maximum extent practicable.

SEC. 221. imbalance in any school or school system, or for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system.

SEC. 302. None of the funds contained in this Act shall be used to require, directly or indirectly, the transportation of any student to a school other than the school which is nearest the student's home, except for a student requiring special education, to the school offering such special education, in order to comply with title VI of the Civil Rights Act of 1964. For the purpose of this section an indirect requirement of transportation of students includes the transportation of students to carry out a plan involving the reorganization of the grade structure of schools, the pairing of schools, or the clustering of schools, or any combination of grade restructuring, pairing or clustering. The prohibition described in this section does not include the establishment of magnet schools.

SEC. 303. No funds appropriated under this Act may be used to prevent the implementation of programs of voluntary prayer and meditation in the public schools.

(TRANSFER OF FUNDS)

SEC. 304. Not to exceed 1 percent of any discretionary funds (pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended) which are appropriated for the Department of Education in this Act may be transferred between appropriations, but no such appropriation shall be increased by more than 3 percent by any such transfer: *Provided*, That the Appropriations Committees of both Houses of Congress are notified at least 15 days in advance of any transfer.

SEC. 305. The Comptroller General of the United States shall evaluate the extent to which funds made available under part A of title I of the Elementary and Secondary Education Act of 1965 are allocated to schools and local educational agencies with the greatest concentrations of school-age children from low-income families, the extent to which allocations of such funds adjust to shifts in concentrations of pupils from low-income families in different regions, States, and substate areas, the extent to which the allocation of such funds encourages the targeting of State funds to areas with higher concentrations of children from low-income families, and the implications of current distribution methods for such funds, shall make formula and other policy recommendations to improve the targeting of such funds to more effectively serve low-income children in both rural and urban areas, and shall prepare interim and final reports based on the results of the study, to be submitted to Congress not later than February 1, 2001, and April 1, 2001.

SEC. 306. (a) From the amount appropriated for title VI of the Elementary and Secondary Education Act of 1965 in accordance with this section, the Secretary of Education—

(1) shall make available a total of \$6,000,000 to the Secretary of the Interior (on behalf of the Bureau of Indian Affairs) and the outlying areas for activities under this section; and

(2) shall allocate the remainder by providing each State the same percentage of that remainder as it received of the funds allocated to States under section 307(a)(2) of the Department of Education Appropriations Act, 1999.

(b)(1) Each State that receives funds under this section shall distribute 100 percent of such funds to local educational agencies, of which—

(A) 80 percent of such amount shall be allocated to such local educational agencies in proportion to the number of children, aged 5 to 17, who reside in the school district served by such local educational agency from families with incomes below the poverty line (as defined by the Office of Management and Budget and revised annually in accordance with section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2))) applicable to a family of the size involved for the most recent fiscal year for which satisfactory data are available compared to the number of such individuals who reside in the school districts served by all the local educational agencies in the State for that fiscal year; and

(B) 20 percent of such amount shall be allocated to such local educational agencies in accordance with the relative enrollments of children, aged 5 to 17, in public and private nonprofit elementary and secondary schools within the boundaries of such agencies.

(2) Notwithstanding paragraph (1), if the award to a local educational agency under this section is less than the starting salary for a new fully qualified teacher in that agency, who is certified within the State (which may include certification through State or local alternative routes), has a baccalaureate degree, and demonstrates the general knowledge, teaching skills, and subject matter knowledge required to teach in his or her content areas, that agency may use funds under this section to (A) help pay the salary of a full- or part-time teacher hired to reduce class size, which may be in combination with other Federal, State, or local funds; or (B) pay for activities described in subsection (c)(2)(A)(iii) which may be related to teaching in smaller classes.

(c)(1) The basic purpose and intent of this section is to reduce class size with fully qualified teachers. Each local educational agency that receives funds under this section shall use such funds to carry out effective approaches to reducing class size with fully qualified teachers who are certified within the State, including teachers certified through State or local alternative routes, and who demonstrate competency in the areas in which they teach, to improve educational achievement for both regular and special needs children, with particular consideration given to reducing class size in the early elementary grades for which some research has shown class size reduction is most effective.

(2)(A) Each such local educational agency may use funds under this section for—

(i) recruiting (including through the use of signing bonuses, and other financial incentives), hiring, and training fully qualified regular and special education teachers (which may include hiring special education teachers to team-teach with regular teachers in classrooms that contain both children with disabilities and non-disabled children) and teachers of special-needs children who are certified within the State, including teachers certified through State or local alternative routes, have a baccalaureate degree and demonstrate the general knowledge, teaching skills, and subject matter knowledge required to teach in their content areas;

PUBLIC LAW 106-554—APPENDIX A

114 STAT.

(ii) testing new teachers for academic content knowledge and to meet State certification requirements that are consistent with title II of the Higher Education Act of 1965; and

(iii) providing professional development (which may include such activities as those described in section 2210 of the Elementary and Secondary Education Act of 1965, opportunities for teachers to attend multi-week institutes, such as those made available during the summer months that provide intensive professional development in partnership with local educational agencies and initiatives that promote retention and mentoring), to teachers, including special education teachers and teachers of special-needs children, in order to meet the goal of ensuring that all instructional staff have the subject matter knowledge, teaching knowledge, and teaching skills necessary to teach effectively in the content area or areas in which they provide instruction, consistent with title II of the Higher Education Act of 1965.

(B)(i) Except as provided under clause (ii), a local educational agency may use not more than a total of 25 percent of the award received under this section for activities described in clauses (ii) and (iii) of subparagraph (A).

(ii) A local educational agency in which 10 percent or more of teachers in elementary schools, as defined by section 14101(14) of the Elementary and Secondary Education Act of 1965, have not met applicable State and local certification requirements (including certification through State or local alternative routes), or if such requirements have been waived, may use more than 25 percent of the funds it receives under this section for activities described in subparagraph (A)(iii) to help teachers who are not certified by the State become certified, including through State or local alternative routes, or to help teachers affected by class size reduction who lack sufficient content knowledge to teach effectively in the areas they teach to obtain that knowledge, if the local educational agency notifies the State educational agency of the percentage of the funds that it will use for the purpose described in this clause.

(C) A local educational agency that has already reduced class size in the early grades to 18 or less children (or has already reduced class size to a State or local class size reduction goal that was in effect on the day before the enactment of the Department of Education Appropriations Act, 2000, if that State or local educational agency goal is 20 or fewer children) may use funds received under this section—

(i) to make further class size reductions in grades kindergarten through 3;

(ii) to reduce class size in other grades; or

(iii) to carry out activities to improve teacher quality including professional development.

(D) If a local educational agency has already reduced class size in the early grades to 18 or fewer children and intends to use funds provided under this section to carry out professional development activities, including activities to improve teacher quality, then the State shall make the award under subsection (b) to the local educational agency.

(3) Each such agency shall use funds under this section only to supplement, and not to supplant, State and local funds that,

in the absence of such funds, would otherwise be spent for activities under this section.

(4) No funds made available under this section may be used to increase the salaries or provide benefits, other than participation in professional development and enrichment programs, to teachers who are not hired under this section. Funds under this section may be used to pay the salary of teachers hired under section 307 of the Department of Education Appropriations Act, 1999, or under section 310 of the Department of Education Appropriations Act, 2000.

(d)(1) Each State receiving funds under this section shall report on activities in the State under this section, consistent with section 6202(a)(2) of the Elementary and Secondary Education Act of 1965.

(2) Each State and local educational agency receiving funds under this section shall publicly report to parents on its progress in reducing class size, increasing the percentage of classes in core academic areas taught by fully qualified teachers who are certified within the State and demonstrate competency in the content areas in which they teach, and on the impact that hiring additional highly qualified teachers and reducing class size, has had, if any, on increasing student academic achievement.

(3) Each school receiving funds under this section shall provide to parents, upon request, the professional qualifications of their child's teacher.

(e) If a local educational agency uses funds made available under this section for professional development activities, the agency shall ensure for the equitable participation of private non-profit elementary and secondary schools in such activities. Section 6402 of the Elementary and Secondary Education Act of 1965 shall not apply to other activities under this section.

(f) A local educational agency that receives funds under this section may use not more than 3 percent of such funds for local administrative costs.

(g) Each local educational agency that desires to receive funds under this section shall include in the application required under section 6303 of the Elementary and Secondary Education Act of 1965 a description of the agency's program to reduce class size by hiring additional highly qualified teachers.

(h) No funds under this section may be used to pay the salary of any teacher hired with funds under section 307 of the Department of Education Appropriations Act, 1999, unless, by the start of the 2001-2002 school year, the teacher is certified within the State (which may include certification through State or local alternative routes) and demonstrates competency in the subject areas in which he or she teaches.

(i) Not later than 30 days after the date of the enactment of this Act, the Secretary shall provide specific notification to each local educational agency eligible to receive funds under this part regarding the flexibility provided under subsection (c)(2)(B)(ii) and the ability to use such funds to carry out activities described in subsection (c)(2)(A)(iii).
